LAST WEEK'S WEDDING.

C. H. Akers and Miss Emily Philpot
United in Marriage, at the
Baptist Church.

The Baptist church of this place
never held so large an audience as it
did last night, the occasion being the
marriage of Charles H. Akers, county
recorder, to Miss Emily Philpot, niece
of Mr. and Mrs. J. C. Herndon. The
interior of the edifice was beautifully
ornamented with evergreens, while an
elegant silk banner containing a mono-
gram of the initials of the parties, hung
on the wall immediately over the pulpit.

Orick Jackson and M. E. Morin officiated
as ushers, and long before the
hour announced for the ceremony the
seats of the church were filled with
ladies, while standing room for gentlemen
was at a premium.

Promptly at 8.30 p. m. the bridal
party appeared, headed by Akers and
Miss Philpot, followed by the bridesmaids
and bridesmaids respectively, and as a
beautiful wedding march was played,
by Prof. Thomas, they walked up the
aisle and the high contracting parties
took a position beneath a flower-decorated
arch, prepared for the occasion, when
Rev. L. Phil. Smith, of the
South Methodist church, proceeded to
pronounce the ceremony, which was
very impressive, that made them man
and wife. The popularity of the young
couple was best attested by the vast
audience that filled the church to over-
flowing. The JOURNAL-MINER joins in
the numerous other friends in ex-
tending congratulations to the happy
young couple, and may their matrimonial
voyage be smooth and peaceful.

The presents were both numerous
and expensive.

The following is the list of presents:
Mr. and Mrs. J. C. Herndon, a beau-
tiful colored velvet chair.

Mrs. Almarine Akers, a present of
gold coin.

James Akers, a fancy willow work
table.

Morris and Henry Goldwater, an
elegant gilt clock mounted on a Parian
marble base, and encased in an oval
glass case.

Bashford & Burmister, beautiful,
large hanging lamp.

Orick Jackson, fancy table.

Baron Goldwater, elegant, silver
mounted carving set and punch case.

Hedrick Aitken, solid silver water
pitcher.

J. M. Aitken, silver butter dish.

W. J. Mulvenon and G. C. Wadwell,
pair of bronze statues.

Mr. and Mrs. W. O. O'Neill, silver
tea set.

Mr. and Mrs. R. H. Burmister, elegant
Snow Ice Rose lemonade set.

Master Robbie Hartin, half dozen
silver tea spoons.

Mrs. Sarah Chamberlain, Creston,
Iowa, silver butter knife.

Thomas Hall, Creston, Iowa, silver
nut cracker.

Miss Laura Burt, Creston, Iowa, oil
painting of apple blossoms, and chair
silk.

Mr. and Mrs. E. W. Wells, full set of
table linen.

Mr. and Mrs. A. Aitken, a very
unique locomotive clock.

G. Arthur Allen, gold scarf pin.

engraved.

dish.

Geo. H. Curry, handsome silver jewel
case.

Mrs. Louisa Wilson, elegant silk
chair scarf.

and pepper set.

Mr. and Mrs. J. C. Martin, silver
mounted glass pickle caster.

ing chair.

A Railroad Wreck.

An associated press telegram of the
9th instant, from Los Angeles, says:
The west bound overland passenger
train on the Atlantic & Pacific arrived
here many hours late, having been in
collision Sunday afternoon with an east
bound passenger train near Peach
Springs, Arizona, 109 miles beyond
The Needles. The trains, each drawn
by two engines, met on a sharp curve
in a high embankment, and came to-
gether with an awful crash, demolish-
ing the engines and throwing them
down the bank into the stream, carry-
ing three or four cars with them. One
engineer jumped on the wrong side, and
fell down the rocky steep 80 feet, and
was fearfully bruised and internally
injured. The rest of the train men and
passengers escaped serious injury, but
were badly shaken up. A laborer steal-
ing a ride on the platform next to the
tender, was crushed to death.

Cocooning Voted.

SPECIAL TO THE JOURNAL-MINER.
PHENIX, April 10.—6.30 p. m.—Gov-
ernor Wolfley, at five o'clock, sent a
message to the house, vetoing the Co-
cooning county bill. It is reported here
that the fight has cost that section
from first to last not less than \$25,000.
The house refused to sustain the veto,
by a vote of 12 to 1. Speaker Smith
alone voting in the affirmative. The
council sustained the veto, by the fol-
lowing vote: ayes, Cheyney, Dorrington,
Dunlap and Moore—4; nays, Hardy,
Peters, Drake—3; Sloan and the
four democratic members being absent.

Appropriation bill has passed the
house, and the legislature has ad-
journed sine die.

Rosario Groom, better known as
Young Bob Groom, and son of "Old
Bob" Groom, an early pioneer to the
territory, and member of the first leg-
islature convened in Arizona, died this
morning at the county hospital, where
he had been for several days previous
to his demise. He died by his own
hand, superinduced, it is thought, by

prolonged illness caused originally from
using water impregnated with copper
from a mine he was working in the
Bradshaw mountains. It is thought by
his acquaintances that the unfortunate
young man committed the rash act in a
fit of mental aberration. Expressions
of sympathy and condolence are ex-
pressed for the aged father in the loss
of his son, a young man esteemed by all
who knew him. He came to the terri-
tory in 1873, and has since been en-
gaged in mining. Funeral will take
place at 5 o'clock this evening.—Phen-
ix Herald, 5th inst.

Phenix Correspondence.

EDITOR JOURNAL-MINER.—I intended
to write you a full account of the re-
ception and grand inaugural ball tend-
ered by the citizens of the capital to
Governor Woolfley and ex-Governor
Zulick, how the "music rose with soft,
voluptuous swell," and the light
"shone on fair women and brave men,"
and so forth, but on looking over the
morning paper I find a full account,
even to a synopsis of Governor Zulick's
telling remarks, so I refer you to the
Gazette.

Phenix is growing rapidly, buildings
going up on every hand. Monihan is
putting up a large, three-story brick
business house, on the lots where his
stable stood which was burned last
summer, and the city hall will be fin-
ished. There was a very enjoyable
concert given on Monday evening, un-
der the direction of Prof. Schubenberg,
by home talent. The streets do not
seem so crowded as a few months ago,
even weeks ago, partly owing to the
departure of the most of the Fifteenth
legislature, and more particularly, the
lobby; partly due perhaps to the warm
weather, for I own, though the native
Phenician will deny the fact, the
weather is growing warm.

The legislature has at last adjourned
since die. Whether the acts passed
with barely a quorum in one house,
and no protest of one in the other,
will stand or not nobody knows. Gov-
ernor Wolfley seems to have overlooked
several gentlemen in appointing the
offices, who thought themselves called
there, too; but "such is life."

But the roses—rather an abrupt
change of subject, isn't it? but the
roses are everywhere, and they are
lovely. Phenix might almost rival the
famous "Val de Cashmere," for a few
weeks at this season. Very few have
monthly roses in their gardens, but all
have the roses "that bloom in the
Spring," and their fragrance is in the
air—so are the flies. It would be use-
less to compliment any one by saying
"there are no flies on him." It would
not be believed. There's no one in that
enviable position here; not even yours,
truly,
Phenix, April 11th, 1889.

May Day Picnic.

According to previous announcement,
the committee to arrange for the May
Day picnic for the little folks and their
friends met at the school house last
evening. Dr. Pentland was called to
the chair, and the following commit-
tees appointed:

Selecting and preparing grounds—
J. A. Guild and E. A. Rogers.

Music—R. H. Burmister and D.
Pentland.

Ice Cream—Mrs. L. Wollenberg,
Mrs. Judge Wright, Mrs. Dr. Kendall,
Mrs. A. P. Smith, Mrs. J. C. Herndon.

Amusements—Mayor Howard, N. C.
Shekels, E. W. French, Misses Martin
and Baker.

Finance and Conveyances—George
W. Sines, J. N. Rodenburg and J. C.
Martin.

Committee to take charge of baskets
and grounds—Mrs. Judge Wright, Mrs.
S. E. Wilson, Mrs. Dr. McCandless.

Meeting then adjourned to meet next
Friday at same time and place, when
the arrangements will be thoroughly
systematized.

One of the most picturesque and
remarkable bodies of water in the
world is Henry's Lake in Idaho. It is
situated on the dome of the continent
in a depression in the Rocky Mountains
called Targers' Pass. It has an area of
forty square miles, and all around it
rises snow-capped peaks, some of them
being the highest of the continent's
backbone. In the lake is a floating
island about 300 feet in diameter. It
has for its basis a mat of roots so dense
that it supports large trees and a heavy
growth of underbrush. These roots
are covered with several feet of rich
soil. The surface is solid enough to
support the weight of a horse anywhere,
and there are places where a house
could be built. The wind blows the
island about the lake, and it seldom re-
mains twenty-four hours in the same
place.—Ex.

There are some things a level headed
human being should never do. Among
them is to walk on a railroad track,
attempt to get on a moving train, point
a gun or pistol at another, keep his
savings in an old stocking under the
bed, run for office when he has a pay-
ing situation in private life, call a big-
game man than himself a liar, tell an
editor how to run a newspaper or write
with a quart of whisky.—Ex.

The Grand Lodge L. O. O. F., in ses-
sion at Tucson, has elected the follow-
ing officers: P. K. Hickey, Phenix,
grand master; W. H. Thorne, Prescott,
deputy grand master; David Cohn,
Tombstone, grand warden; J. A.
Eckard, Phenix, grand secretary; J. J.
Hill, Tucson, grand treasurer; Wm.
Wilkinson, Prescott, J. S. Mansfield,
Tucson, and R. H. Coyle, Phenix, trust-
ees.

The robbers who held up a train at
Canyon Diablo, one month ago, have
been captured. A telegram from Kan-
nah, Utah, to the Atlantic & Pacific
company, signed by Sheriff O'Neill,
says: "We caught one on the 1st in-
stant, one on the 4th, and two on the
4th." The sheriff and posse, with
prisoners, were on their way to
Milford, Utah, a three days' overland
ride.—Albuquerque Democrat.

The Cushing Geological surveying
party, who are now in New Mexico, has
discovered the site of a buried city,
south of Gallup. The debris of the
ruined pre-historic city extends for a
distance of six miles, and gives evidence
that it contained a large population.—
Herald.

The appointments made by Colonel
Wolfley, now governor of Arizona, are
good and tried men, thoroughly iden-
tified with the interests of Arizona. As
the territory will be governed by repub-
licans, we cannot ask for a better class
of officers.—Arizonian.
